ABOUT ME

A passionate Full-Stack Developer with hands-on experience in designing and developing web applications using React for the frontend and Django for the backend. Adept at deploying applications on Netlify, with a strong foundation in modern web technologies. Currently pursuing a BCA, set to graduate in May 2025, and seeking opportunities to contribute to innovative web development projects.

SKILLS

- **Programming Languages :** JavaScript, Python, HTML, CSS
- **Frontend Technologies :** React.js, Redux, Tailwind CSS, Bootstrap
- **Backend Technologies :** Django, Django Rest Framework, Node.js
- **Database :** PostgreSQL, MySQL, SQLite
- **Version Control :** Git, GitHub
- **Deployment :** Netlify, AWS Cloud
- **Other Tools :** Postman, Docker

PROJECTS

1. **Innovation University**
   Live Demo : **innovation-university-codyankit.netlify.app**
   Description: A university information website showcasing courses, faculty, and campus features. Technologies: React.js, Django, PostgreSQL, Netlify (Deployment)
   Key Contributions: - Developed a responsive frontend using React and Tailwind CSS. - Implemented RESTful APIs in Django for fetching data. - Deployed the application on Netlify.

2. **Saraswat Gym**
   Live Demo : **saraswat-gym.netlify.app**
   Description: A gym website that features membership plans, workout schedules, and trainer profiles. Technologies: React.js, Django, MySQL, Netlify (Deployment)
   Key Contributions:- Integrated frontend components for a smooth user experience. - Created a backend to manage membership plans and trainer details.

3. **iPhone 15**
   Live Demo : **iphone15-saraswatankit.netlify.app**
   Description: A product showcase website for iPhone 15 models. Technologies: React.js, Django, PostgreSQL, Netlify (Deployment)
   Key Contributions:- Built dynamic product pages and integrated an admin panel. - Ensured cross-platform responsiveness and scalability.

EDUCATION

Bachelor of Computer Applications (BCA)
JNVU University, Jodhpur
Jun 2022 - May 2025

CERTIFICATION

Software Engineering and Agile Methodology - Infosys Springboard
Frontend Development - Great Learning
Java Programming - HackerRank

Personal Portfolio Website
Live Demo : **ankit-saraswat-portfolio.netlify.app**
Description: A personal website to showcase my portfolio and contact details. Technologies: React.js, Netlify (Deployment)
